Important Reminder: Coverage Options

As MAIPF has recently implemented the provisions of PA 21 & 22 of 2019 for commercial and personal auto, we would like to take this opportunity to remind producers of DIFS Bulletin 2020-29-INS issued on July 2, 2020. In this bulletin, producers are reminded of "...their obligations under MCL 500.2116, including, among other things, the obligation to provide eligible persons with quotations for all forms or types of insurance coverage offered by the insurers the producer represents." Furthermore, the bulletin advises that "A producer who fails to present and explain a person's insurance choices, especially when the person has asked for clarification, will be considered to be attempting to channel that person away from coverage."

The MAIPF encourages producers to regularly review the MAIPF Rate and Rule Manual as well as the Producer Guide to understand all of the coverage options offered by MAIPF and when an applicant would be eligible for certain options. These documents are available to registered

producers on our website (www.maipf.org). Additionally, MAIPF staff is available to answer any questions you may have about our products (info@maipf.org | (734) 464-1100).

Important Reminder: Processing Time for Commercial Applications

Please note, MAIPF will not be expediting any commercial applications for filing requests. Each application is required to go through the normal processing procedures for MAIPF and Amerisure before a request is sent to the Michigan Department of Transportation (MDOT). In these situations, please work with the applicant in advance of the effective date needed to allow ample time for processing.

Important Reminder: Lobby Hour Updates

Be sure to check our website to stay up to date on our Lobby Hours. You can also call us at 734-464-1100 or email to info@maipf.org with any questions.
